

Summerbook Company

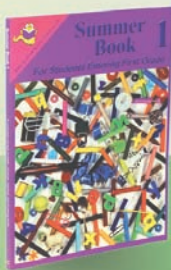

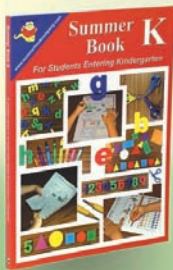

2011 Product Catalog

Would you like your child to earn
even better grades next year?

*Know it all in the fall
by completing a Summer Book this summer!*

Summer Books provide a total review . . .

Each *Summer Book* thoroughly reviews • language arts • math • writing • thinking skills • reading comprehension

Summer Book K is for students entering kindergarten. The back of each page provides numerous ideas for hands-on learning with the uppercase and lowercase magnetic letters and numbers included with the book as well as shapes in several colors and sizes. \$14.95

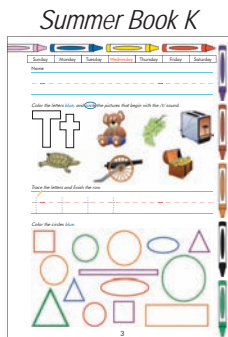

All *Summer Books* offer ten weeks of review and a complete answer key.

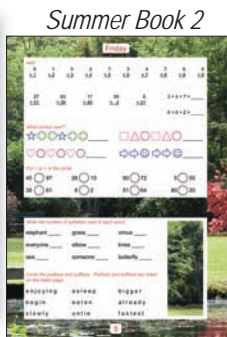

Summer Book 1 is for students entering first grade. Extra fun: Develop visual tracking skills by playing “I spy” each day. \$12.95

Summer Book 2 is for students entering second grade. Extra fun: Sharpen visual skills by doing the unique maze around the back of each page. \$12.95

Summer Book 3 is for students entering third grade. Extra fun: “Visit the zoo” to learn about a different animal each day. \$12.95

Summer Book 1

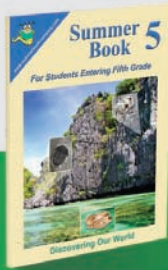

Summer Book 2

Summer Book 3

... in just one page per day!

The back of each page in a Summer Book also enriches
 • history • health • science • social studies

Summer Book 4 is for students entering fourth grade. Extra fun: Learn about a different sport or activity each day. \$12.95

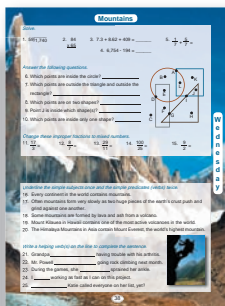

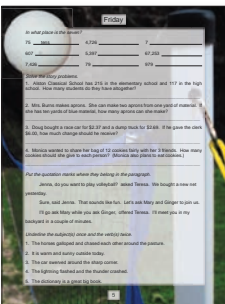

Summer Book 6 is for students entering sixth grade. Extra fun: Learn about outer space, astronauts and trips to the moon. \$10.95

Summer Book 5 is for students entering fifth grade. Extra fun: Discover rocks, fossils and shells; practice map reading and shopping skills. \$12.95

Summer Book 7 is for students entering seventh grade. Extra fun: Improve world geography and map skills by learning about a new country each day. \$10.95

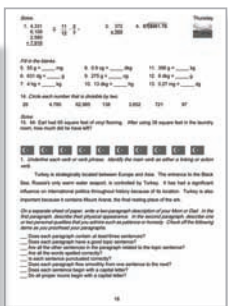

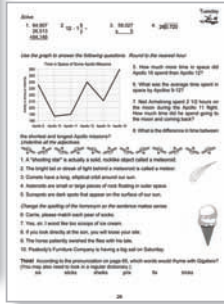

Since 1989 *Summer Books* have been providing students with a total, cross-curriculum review that is academically aggressive yet interesting and enjoyable.

Reading Comprehension & Writing

Summerbook Readers

The bright, colorful pictures, are perfect for beginners. Short-vowel, three-letter words and short sentences help new readers gain confidence quickly. Set of 3. Paperback, 40 pages each. Bonus: 62 reproducible worksheets to develop reading comprehension. Grade: PreK-1 \$11.95

Reading Comprehension (Nonfiction)

After reading brief nonfiction passages about science, geography, or history topics, students answer multiple-choice and short-answer questions to build seven essential comprehension skills. Grades: 1-6 \$8.99 ea.

“All leaders must be readers.”

- President Harry Truman

Reading Comprehension and Skills

Develop reading skills, encourage vocabulary, and reinforce reading comprehension. Included are passages and stories on a variety of subjects, skill practice pages, 96 cut-apart flash cards, answer key, and an award certificate.

Grades: 1-6

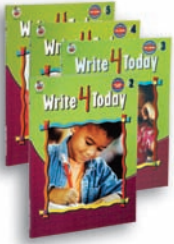

\$16.99 ea.

Strategies That Work: Comprehension Practice

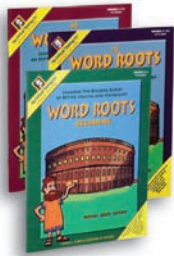

Develop reading comprehension skills with strategies that work! Each reproducible page includes literary or factual text, followed by multiple-choice, true-false, short answer, or other types of questions. Grades: 7-8 \$11.99

English

Write 4 Today

Write 4 Today gives a brief writing exercise each day with a slightly longer project on Friday. This book provides good practice for standardized tests by incorporating the style of those tests. Reproducible. Grades: 2-5 \$13.99 ea.

Word Roots

Word Roots teaches children the meanings of prefixes, roots, and suffixes commonly used in English. Learning word elements dramatically improves spelling and the ability to decode unfamiliar words. *Word Roots* will add hundreds of words to your child's vocabulary and greater depth to their thinking and writing. Reproducible. Grades: 3+ \$14.99 ea.

Step-by-Step Grammar Vol. I: Basic Grammar Step-by-Step Grammar Vol. II: Basic Usage

Basic Grammar teaches the eight parts of speech, diagraming, compound sentences, verb phrases and prepositional phrases. The step-by-step instructions and practice will help any child who lacks basic grammar knowledge. *Basic Usage* teaches your child punctuation usage, subject-verb agreement, plurals, possessive forms and other sentence necessities. A complete answer key is included with each book. Grades: 4+ \$15.00 ea.
Grammar Study Cards (not pictured) \$2.75

Daily Mind Builders: Language Arts

Each daily activity page includes two puzzles. The first puzzle is a short, true mystery requiring careful reading, inferential reasoning, and deductive thinking. The second puzzle involves a process of elimination involving the meanings of words or relationships between words. Reproducible. Grades: 5-12+ \$18.99

Bend your brain . . .

Thinker Doodles

Thinker Doodles are more fun than mindless coloring books. Develop organized analysis and motor skills needed for success in reading, writing, and math. Just add your creative child and crayons! Reproducible. Grades: PreK-1 \$8.99 ea.

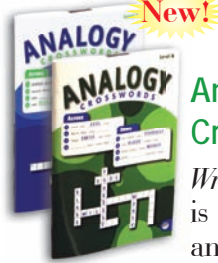

Logic Links

Kids build thinking skills as they reason out sequencing puzzles, using the included 48 chips to help them visually organize their thinking. Each book has 100 puzzles plus solutions. Reproducible. Grades: 1-4 \$10.95 ea.

Visual Perceptual Skill Building

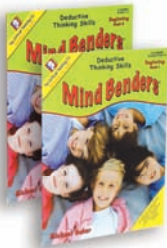

This book develops a child's recognition of letters, words, numbers, and similar/dissimilar objects. It also improves sequencing and visual memory skills in eight progressively challenging skill sections with pretests and post-tests to evaluate your child's skill levels. Grades: PreK-K \$24.99

Analogy Crosswords

Write is to pen as dig is to - Solve each analogy to complete the crossword and increase language comprehension, vocabulary and critical thinking skills. Each book has 50 puzzles plus answer pages. Grades: 2-6 \$12.95 ea.

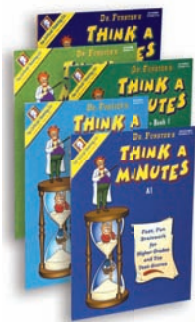

Save when you buy one of these books as part of a Super Pack. See page 16.

Mind Benders

Mind Benders develop the logic, reading comprehension, and mental organization skills vital to achieving high grades and top test scores in all subjects. Great for helping your child develop real-life, problem-solving skills. Reproducible. Answer key included. Grades: PreK-2 \$9.99 ea.

... and **THINK!**

Think-A-Minutes

Think-A-Minutes develop a variety of critical and creative thinking skills for top academic performance in all

subjects. Each book includes math, writing, language development, visual, spatial, and perceptual skills activities that build deductive, inductive, and logical reasoning. Answer key included. Reproducible. Grades: 2-8 \$6.99 ea.

Thinking is the hardest work there is, which is probably the reason why so few engage in it.
-- Henry Ford

Directive Detective

Challenging puzzles, each designed to simultaneously stretch your reading, math and comprehension skills. The revealing of a fun phrase lets a child know the puzzle is solved correctly. Grades: 4+ \$10.95 ea

Wordoku

Wordoku is packed with interesting animals or historical people, places and things. Beyond building logic and reasoning skills, these books strengthen knowledge of the subject. Plus, readers are asked to “dig deeper” with challenging research questions. Grades: 5+ \$12.95 ea.

Building Thinking Skills 1, 2, 3

Building Thinking Skills Levels 1 and 2 provide highly effective verbal and nonverbal reasoning activities to improve students’ vocabulary, reading, writing, math, logic, and figural-spatial skills. At Level 3, the verbal and figural exercises are separated to provide more in-depth practice in each area. Answer key included in each book. Reproducible. Grades: 2-12 \$29.99 ea.

Math - Elementary

Basic Facts Drill Book for Addition and Subtraction

Basic Facts Drill Book for Multiplication and Division

Great for anyone who has not mastered the basic facts. Addition and Subtraction drills $0+0$ through $9+9$ and the corresponding subtraction problems. Reproducible. 120+ pages. Grades: 1+ Multiplication and Division drills 0×0 through 12×12 and the corresponding division problems. Reproducible. 120+ pages. Grades: 2+ \$15.00 ea.

Coin Clues

Each book contains 100 deductive logic puzzles that reinforce coin values and strengthen problem solving skills. To start, just pop out the coins from the perforated pages. Then get ready! Fun plus boosted math skills equals a big payoff! Grades: 1-5 \$12.95 ea.

Math Word Problems Level A, B, C

Help your child conquer the “dreaded” math word problem. Each problem requires its own thinking/problem solving approach rather than mindlessly applying the same solution process to entire groups of problems. Example problems and answer key included. Reproducible. Grades: 4-8 \$14.99 ea.

Fraction Finders

Each page features 18 to 24 skill-building fraction problems. The answers provide color-coded clues for revealing the secret name of an animal hidden in the coordinate grid. 30 exercises and solutions. Reproducible. Grades: 4+ \$12.95

Delightful Decimals & Perfect Percents

Groovy Geometry

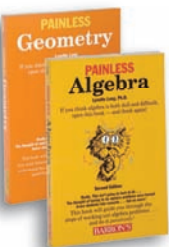

Delightful Decimals and Perfect Percents teaches how to read and write decimals, to change decimals into fractions and percents, and much more. *Groovy Geometry* teaches all the geometry basics, plus how to figure out the height of any object from its shadow, etc. Grades: 5-7 \$14.95 ea.

Math and Science - Upper Grades

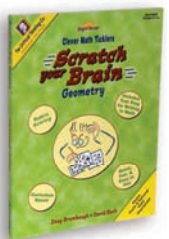

Pre-Algebra

Make sure your child is ready for Algebra. Topics include integers; fractions and mixed numbers; decimals and estimation; ratios, proportions, and percents; rational numbers; square roots; statistics and probability. Also includes assessment tests, and an answer key. Grades: 7+ \$16.99

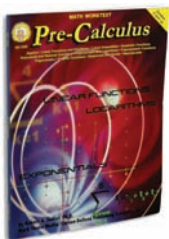

Painless Algebra & Painless Geometry

This series offers a lighthearted, often humorous approach to math, transforming details that might seem boring or difficult into a series of interesting and mentally challenging ideas. Features many fun-to-solve problems with answers at the end of each chapter. Also a great resource for parents. Grades: 8+ \$8.99 ea.

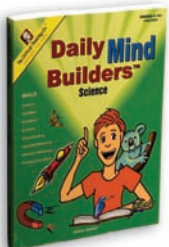

Scratch Your Brain Geometry

Help your high school student keep his brain in gear after geometry. This book offers multi-step problems that develop your student's problem-solving skills. Fun activities boost competence, confidence, and test scores. Grades: 9+ \$19.99

Pre-Calculus

Help your student get ready for Calculus. Topics include integers; fractions and mixed numbers; decimals and estimation; graphing; ratios, proportions, and percents; rational numbers; square roots; statistics and probability; and more. Also includes practice pages, assessment tests, and an answer key. Grades: 10+ **Lower Price!** \$13.99

Daily Mind Builders: Science

Analyzing a variety of facts and using the result to produce a reasonable conclusion is an essential skill assessed on standardized tests. Using important science information each student should know, every *Daily Mind Builders* page develops this skill. Grades: 5-12+ \$18.99

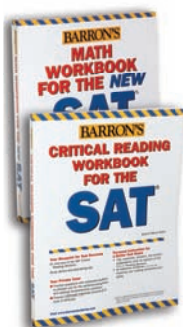

SAT Preparation

Pass Key to the SAT Pass Key to the ACT

Each book presents two full-length practice tests. All test questions are answered and explained. They also contain test taking tips, a review of each major section of the test and advice for the written essay portion of each test.

Grades: 10+ **Lower Price!** \$8.99 ea.

Barron's Critical Reading Workbook for the SAT Barron's Math Workbook for the New SAT

The new edition bypasses the standard test preparation drills and offers novel advice and innovative strategies for tackling the SAT's hardest questions. The book presents Critical Reading strategies, concentrated help for writing a near-perfect SAT essay, and extra coaching in arithmetic, algebra, geometry, statistics, and math word problems.

Grades: 10+ **Lower Price!** \$13.49 ea.

Hands-on Manipulatives

Magnetic Uppercase and Lowercase Letters and Numbers

Soft, finger-friendly magnetic letters and numbers make reading, spelling and math more fun. 26 letters and numbers per pack. Grades: PreK+ \$1.50 ea.

Magnetic Dry-Erase Board

This light metal board makes it convenient to work with magnetic letters at a desk or in a lap. The dry-erase surface multiplies its usefulness. (Board only.)

Grades: PreK+ \$2.50

Geology Field Trip

Take a geology field trip without leaving home! Each bag comes with 30 fossils, minerals, rocks, and gems out of a possible 33. Identification chart included.

Grades: 3+ \$9.95

Fun games for the brain . . .

Smart ABC

Smart ABC introduces letter recognition to the beginning reader as simple flash cards, while spelling and vocabulary skills are improved for the more advanced reader with 8 fun-filled learning games.

Grades: PreK+ \$6.95

Left, Center, Right

Teach your child the difference between left and right as you pass the chips. The object of the game is to be the last player with chips.

Grades: K+ \$5.75

Set

Make sets of three that are all alike or all different in some way. Superb for teaching thinking skills to the young, yet an exciting challenge for older children. Make the most sets to win.

Grades: 1+ \$12.99

MathSmart: Addition, Subtraction, Multiplication, Division

MathSmart is a fun and easy way to learn basic math skills. The game plays like dominoes and teaches like a tutor. There are 96-100 cards in each game with directions.

Grades: 1+ \$6.95 ea.

Double Dice

The dice inside dice give this game a unique twist! Give your child practice adding and test his logic while he just thinks he is having fun! Each player has a score sheet with a number of categories on it. On his turn, the player rolls the dice and determines which category is most favored by the dice. Then he totals up the score and enters it in the box. The player with the highest grand total at the end of the game is the winner.

Grades: 4+ \$5.25

... play AND learn!

Rummy Roots and More Roots

Greek and Latin roots form many of our English words. Knowing these roots adds a deeper level of comprehension and helps increase achievement test scores. Rummy Roots is four fun, vocabulary-building games in one. More Roots has even more root cards. Each game is designed to be fun and stress-free for children and adults alike.

Grades: 3+ \$15.95 ea.

Special Offer:

Rummy Roots & More Roots \$28.95

Quiddler

Simple spelling game allowing children and adults to play together on equal footing. Anyone can win! A fun way to improve spelling and vocabulary. Grades: 1+ \$12.99

A person who never made a mistake never tried anything new.

--Albert Einstein

Fraper Deck

Fraper Deck is designed to encourage students to learn the relationship between fractions, decimals and percents. This game offers a FUN way to learn. Conversion charts and instructions for 4 different games are included. Grades: 4+ \$6.95

Quick Pix Geography

In what region of the world (Western Europe, South America, etc.) are countries located? Players need to be the first to match the correct answer card to the problem card that is visible. Grades: 4+ \$10.00

Extreme Dot-to-Dot

Exercise your left and right brains at the same time with these complex puzzles ranging from 500 to over 1,400 dots. Counting, mapping and concentration are a few of the educational benefits. 48 puzzles ea. Grades: 3+ \$8.95 ea.

Super Packs Save Money!

Super Packs offer a *Summer Book* for a complete review of math, reading, writing, etc., another book for enrichment, an educational game to sweeten the work and a special price for your budget. Check our website for additional Super Pack options.
